Services proudly provided by:

Introducing Enliven

Enliven maximises the independence of older people and those with disabilities or injuries.

We currently provide home and community support to over 4,000 people throughout the upper North Island.

Our day services are located in a community setting and focus on supporting you to make the most of your independence. A personalised activity programme is developed with you to provide opportunities for social interaction and engagement in the local community.

Our activities

Some examples of our group activities are:

- Gardening and crafts
- Exercise programmes such as strength and balance, tai chi, ball skills, and falls prevention exercises
- Outings to places of interest in the local community
- Music, singing and dance activities
- Table-top activities and memory games
- Activities tailored to individual needs
- Cognitive Stimulation Therapy (a specific programme of group activity and stimulation suitable for people with dementia)

Some activities are not available in all areas.

Why choose an Enliven Day Service?

✓ Positive ageing principles

We believe in helping people thrive, with dementia-focused and personalised programmes, designed to help clients meet their goals.

✓ Innovative and flexible

We work hard to find the right solutions for each client, while recognising that people's needs change over time.

✓ Fully trained staff and volunteers

We value and nurture professional development for staff. In turn, our staff provide exceptional service to our clients. We are committed to working collaboratively with other community services.

✓ Te Whatu Ora Health New Zealand funded day services

Our community services are Te Whatu Ora Health New Zealand funded* but are also open to private paying clients (*NASC assessment and referral are required).

✓ Working in partnership

Registered health professionals oversee the programme and we are committed to developing the service along with clients and their families / whānau.

✓ Culturally appropriate

We are sensitive and responsive to clients' cultural values. Cultural advocacy groups can be involved as needed.
