

How it works

The first step is to approach your local Needs Assessment and Service Coordination agency (NASC). They will assess your need for home care services or personal care support. If you are eligible, they will refer you to Enliven, who will provide the support you need. It's up to you!

Enliven undertakes to contact you within 24 hours of receiving a referral.

“Respect, compassion, kindness and consideration is of great importance to me and all of these attributes have been present in the care and support from Enliven staff.”
