Maximising Independence

**ENLIVEN
INDIVIDUALISED
FUNDING**

Organising your disability support funds

What people say

“My daughter wants to do more on her own now. There’s been a big improvement in what she can do.”

“Enliven gave me supportive information to be able to make my own decisions.”

“It’s easier to feel confident about managing for myself when someone keeps tabs on me. Independence is important but it’s good not to feel isolated.”

WHAT IS INDIVIDUALISED FUNDING (IF)?

Individualised Funding (IF) is a way of paying for government-funded disability support services.

It allows you to organise your disability support funds in the way that works best for you.

IF ALLOWS YOU TO:

- Choose and employ your own support staff
- Manage payment and other employment aspects for your staff
- Organise the service at times that suit you

IF COVERS:

- Personal Care Support
- Support for household tasks including shopping
- Community involvement
- Respite care

Enliven can work with you or your agent as your host provider to choose the level of support you want to manage.

HOW DOES INDIVIDUALISED FUNDING (IF) WORK?

First, your needs will be assessed by a needs assessment service coordination agency (NASC). Then as your host provider, we can work with you to ensure that individualised funding works well for you, helping you choose the level of service that suits you.

All service levels receive the following support:

SERVICE LEVEL

1

We develop an individual support plan and contingency plan together, and provide ongoing coaching and support, completing all necessary paperwork - e.g. employment contracts, IRD forms and regular statements. We also invoice the Ministry of Health on your behalf, process costs related to your support, and carry out regular reviews.

We also offer level 2 and 3 support. These levels incur extra costs that will be met by your individualised funding.

SERVICE LEVEL

2

We provide a full payroll service, including calculating and paying your staff hourly rate, ACC, PAYE, KiwiSaver and leave allowances.

SERVICE LEVEL

3

We support you with advertising for and recruiting suitable staff as well as ongoing training and performance management. We can also help with dispute resolution and put you in touch with employer associations.

WHO WE ARE AND WHAT WE DO

Enliven Northern is a health and disability service that provides a range of home and community support services across the upper North Island.

We help maximise the independence of older people and those with disabilities or injuries.

Our focus is on enabling clients to live in their own homes, engage socially with others and ultimately stay healthy for longer.

OUR KEY SERVICES ARE:

- **Real choices**
- **Home support including after an injury and for long-term support for chronic conditions**
- **Respite care**
- **Community-based day services**
- **Disability support**
- **Individualised funding**
- **Dementia support**
- **Transition from hospital service and post-discharge care.**

We passionately believe that everyone deserves to enjoy life, whatever their age, disability or injury. That's why we offer a wide range of personalised, practical services to help people maximise their independence and enjoy a happier, healthier and more sociable life.

We are the health and disability arm of Presbyterian Support Northern, which also operates the social services of Family Works, Lifeline and Shine.
